

New Product Release

AEM7 650mm AM / FM Fiberglass Antenna

9th September 2020

GME is proud to launch the newest addition to our range of AM/FM antennas, the AEM7. This rugged fiberglass antenna is Australian designed and manufactured as a mobile AM/FM antenna to suit the demands of the 4WD market.

The AEM7 has been developed as a rugged mobile 650mm Fibreglass AM/FM Antenna to suit the needs of vehicles travelling off road. Specially designed for improved AM/FM radio performance whilst providing a sturdy fibreglass whip for off road applications. This antenna is packaged with a mounting base, 5 meters of low loss coaxial cable and radio connection.

GME has a specialised design team with the ability to develop application specific antenna products. With a purpose-built facility based in Sydney, GME continues our on-going commitment and dedication to local Australian manufacturing. Local manufacturing ensures GME is able to produce the highest quality communications equipment tailored to the harsh Australian landscape.
