

# New Product Release

4700 Series Antenna Base Caps

**28<sup>th</sup> November 2022**

GME is proud to introduce the latest addition to our range of genuine accessories, the CA005, CA005B, CA006 and CA006B antenna base caps. These caps are designed to protect the antenna connection when the whip is removed. There is an option to suit our full range of 4700 series radome antennas from the light duty AE4701, through to the heavy duty AE4706.

Available in both gloss black to match our most popular models, and also a natural finish to match our silver spring bases.

For over 60 years GME has designed and manufactured an extensive range of high-quality accessories to suit a wide variety of applications. From 4WDing to Boating and Fishing, GME has a genuine accessory to meet every need.
