

New Product Release

McGrath Foundation Pink Handheld UHF CB Radios

1st June 2021

GME is excited to announce that we will be running a limited-edition range of pink Handheld UHF CB radios to support the McGrath Foundation. The TX667MCG, TX667MCGTP and TX6160XMCG handheld radios are ideal for a range of applications or simply anywhere you need your Handheld UHF CB radio to stand out.

The TX6160XMCG features class-leading 5 Watt transmission power, an IP67 ingress-protection rating for outstanding performance and years of reliable use in the harshest Australian environments, up to 30 hours battery life, VOX hands-free mode, and a built-in LED torch.

With an ultra-compact and lightweight mechanical design, the TX667MCG features up to 17 hours battery life, convenient USB charging, a high contrast backlit LCD screen, switchable transmission power (1/ 0.5 watt), and a user programmable scan function.

As part of our ongoing corporate partnership with the McGrath Foundation, GME will donate 10% of the sales of these limited-edition pink radios directly to the McGrath Foundation to assist in their tireless efforts of funding and supporting McGrath Breast Care Nurses in communities across Australia.
