

# New Product Release

Mitsubishi and Toyota XRS-RJ45™ Pass-Through Adaptors

14<sup>th</sup> November 2022

The current range of XRS-RJ45 pass-through adaptors allows for an XRS™ Connect controller microphone to be integrated directly into a range of blank OEM switch locations, providing a neat and professional finish.

New to the range is the XRS-RJ45R9 and XRS-RJ45W9 to suit a range of Mitsubishi 4WDs including the popular Triton and Pajero Sport. These pass-through adaptors have been designed to be integrated directly into a number of factory blank switch locations.

In addition to new Mitsubishi pass-through adaptors, we have the XRS-RJ45R10 and XRS-RJ45W10 to suit the Toyota Landcruiser 79 Series (models from 2021 onwards).

Featuring a CAT.6 compliant, fully-shielded housing to minimise RF interference and dual lateral supports front and back for an extremely stable connection ensuring trouble-free communication.
